**SAG HARBOR OUTDOOR CINEMA:**
***Chill out to cool fare, Fridays in Mashashimuet Park this Summer***

(Sag Harbor, NY) Summer in Sag Harbor means being outdoors, especially this year. So the Sag Harbor Cinema is pleased to partner with Mashashimuet Park to present the Sag Harbor Outdoor Cinema, unspooling classics and recent standouts every Friday at sunset, all summer long.

"This summer of all summers, people want a chance to be together," notes SHC Executive Director Jamie Hook. "The Sag Harbor Outdoor Cinema offers movie lovers that chance, under the stars, with some of the greatest films ever made."

"Mashashimuet Park is pleased to host this event in conjunction with the Sag Harbor Cinema," says president, Gregg Schiavoni. "Being dedicated to the youth and the people of Sag Harbor, the park is here to provide healthy and wholesome recreation for all to enjoy. We think watching the Ramones take over a school, Coach Buttermaker teach the Bears baseball, or Spiderman in Spanish all count towards bringing our community together for an evening of fun."

The series gets underway in style, with a special screening of Roger Corman's 1979 cult classic, ROCK'N'ROLL HIGH SCHOOL, featuring the Ramones. Then, we conclude July with a first: a Spanish language co-presentation with OLA of Eastern Long Island of the excellent *Spider Man: Un Nuevo Universo* (English Title: *SPIDER MAN: INTO THE SPIDERVERSE),* with subtitles in English. In between, we will get play ball with Walter Matthau and a radiant Tatum O'Neal in the 1976 classic, *THE BAD NEWS BEARS*; jump 15 school buses with Andy Samberg in *HOT ROD*, go undercover as a bovine spy in *TOP SECRET*; and scour the world to rescue a SuperPig in *OKJA.*

Events get underway at Sunset; films begin at Dusk. Advance tickets and passes are available online as of 6/21. Kids 12 and under are free. Picnicking is encouraged; parking is available onsite.

Academy Award winners Walter Matthau and Tatum O'Neal anchor this classic 1976 comedy about the world's worst little league team, who's gender-bending pitcher might just save them. **OKJA (Unrated)**

Before his worldwide smash,*PARASITE*, Korean Director Bong Joon-ho's *OKJA* offered early evidence of genius at work. A spiralling, globe-trotting tale of one young girl's love for her SuperPig, *OKJA* boasts a smorgasbord of acting talent, including Jake Gyllenhall, Tilda Swinton, and Steven Yuen. But it is the searing, elemental performance of young Korean actress Ahn Seo-Hyun that anchors this action packed, deeply moving tale of one young girl against the capitalist machine.
